THE MAGIC OF THE THREE YEAR CYCLE: CREATION, PRACTICE & CONSOLIDATION

The magic reveals itself with the culmination of development at the end of the third year.

In a Montessori prepared environment, the third year allows the child to apply all that they have internalized now using a higher order of thinking. Socially the child has been preparing to become a mentor with more refined leadership skills. The child has the possibility to be emotionally balanced having experienced an environment which has supported his/her growth. The third year in a Montessori environment is necessary, critical and indispensable. Every child must be given the opportunity to complete this important cycle.

ASSISTANT WORKSHOP

THE ROLE OF THE ASSISTANT

The assistant in a Montessori environment plays a key support role to the Montessori teacher. This one day workshop will review aspects of the assistant's role, freedom and discipline and adult interventions.

Open to classroom assistants, administrative and support staff.

Anne Laws AMI Auxiliary Trainer

Anne graduated from Queen's University with a B.A. and a B.Ed. and completed her AMI Primary diploma in Toronto in 1984. She completed a M.Ed. in Early Childhood Education from the Ontario Institute for Studies in Education at the University of Toronto (1989). Anne has worked as a Directress and Principal in various Montessori schools in Toronto and Ottawa.
